Summary

Hello, I am currently in my 2nd year pursuing CSE (AIML) from GHRCE Nagpur. My focus is on AI/ML and software development, and I aim to grow as a problem solving Engineer. I want to contribute my knowledge to an organization while continuously learning and gaining experience. I believe in myself and know that I can perform at my best in any situation.

EDUCATION

B.Tech	- Computer Science & Engineering (AI & ML)	— SGPA: 9.0
Collage	- G.H. Rasoni College of Engineering, Nagpur (RTMNU)	— CGPA: 8.83
HSC	- Class XII (Science Stream)	— Percentage : 79%
SSC	- Class X	— Percentage: 86%

TECHNICAL SKILL

Programming Languages: Python | C | Kotlin | SQL

Tools: Android Studio | GitHub | Firebase | Google Colab | MySQL | VS code | GitHub Copilot

Development / Libraries: Pytorch | Android Development | Pandas | NumPy | API Handling | Machine Learning | NLP | Deep Learning (ANN, CNN, RNN, Transformer), FAST API, basic Django | LLM | AI integration on system

Project

<https://github.com/Chetan2025>

- **STUDY Material App : NoteLab** is a Android application designed specifically for college students (GHRCE) to access organized materials of their academic efficiently and this app is full on the production and the app continuously used by GHRCE campus student. (**major project**)
- **Tran Live Location Application**: This Application help of check the live location Train of India by using train number and this app is based on **API** technology.
- **RAG-Based System**: This is an AI-powered chatbot builder that leverages a **StreamNet** frontend/backend and **FAISS**-based semantic search, enabling users to locally store their data and create fast, context-aware chatbots. With a built-in **FAST** API, it can be seamlessly integrated into existing systems, while ensuring complete privacy through fully private. (**major project**)

CERTIFICATION & ACHIVEMENTS

- **Google Cloud Arcade 2025** – hands-on labs and basic challenges on Google Cloud Platform.
- **Claude 101 – Anthropic Academy**: Completed foundational training on Claude AI, prompt engineering, and AI-assisted workflows. (May 2026)
- **HackerRank**: Completed Python Programming Certificate.

EXPERIENCE

I do not have any professional experience yet, but I am actively searching for opportunities and trying my best to contribute to real-world.

SOFT SKILL

Team collaboration | Quick learner | Problem-solving | Time management | Tech curiosity | Self Learner

VOLUNTEERING

- **Volunteered with NSS** (National Service Scheme) – actively participated in community.
